### ***What Criteria apply to Home Occupations?***

In order to ensure that residential neighborhoods are not adversely affected by home occupations, every home occupation must meet the following criteria:

**Clients:** Only two clients are permitted in the dwelling at one time.

**Employees:** Only occupants of the dwelling may be employees or unpaid volunteers of the home occupation.

**Environment:** Obnoxious odors, vibrations, glare, fumes, dust, electrical interference or noise shall not be detectable outside the dwelling or through the vertical or horizontal common walls of an attached dwelling.

**Hours:** Clients are permitted at the residence only between the hours of 9 o'clock a.m. and 9 o'clock p.m.

**Vehicles:** A maximum of one business vehicle with a manufacturer's gross vehicle weight of less than 10,000 pounds is permitted to be kept, garaged, or parked on the lot or parcel associated with the home occupation.

**Signage:** All signs must conform to the residential signage requirements set forth in the Municipal Code.

**Location:** Home occupations, including storage, are permitted in the dwelling unit. They are also permitted in an attached garage, provided that the required number of covered parking spaces are retained and accessible. In a detached garage or accessory building, only 100 square feet floor area may be devoted to a home occupation, and the required number of covered parking spaces may not be displaced. Home occupations, including storage, are not permitted in carports or the yard areas.

**Manufacture:** No manufacture or assembly, other than hand-crafted products, is permitted.

**Sales:** Unless otherwise prohibited, an order may be filled on the premises if it is placed earlier by a customer using telephone, mail order, or through attendance at a sales party. Although

not part of a home occupation, twice-yearly special sales may be held at the residence for the purpose of selling hand-produced goods to invited guests. Such sales are allowed provided that (1) no more than two such sales are allowed in any calendar year; (2) no such sale is conducted for more than four consecutive days; and (3) such sales are conducted between the hours of 9 o'clock a.m. and 9 o'clock p.m.
